

**Construction Update No. 1A**  
**Country Club Area Sewer, Water, and Street Reconstruction**  
**Project**  
**City Improvement No. A-213 and A-214**

July 1, 2008

This update is for Stage 1 residents only. **During the week of July 7, you cannot use your driveway for approximately three days.** Palda will be installing concrete curb and gutter and driveway aprons along Sunnyside Road and Mackey Avenue that needs to harden before your car can drive across it. Palda will coordinate the concrete pour with you using a doorknob hanger. They do not want your vehicles trapped in your driveway or garage.

As soon as the concrete hardens, Palda will notify you that you can access your driveway and a temporary gravel ramp will be constructed to allow access to your driveway until the rest of the street pavement is installed during the week of July 14.

During the period when you cannot access your driveway, you are **not** allowed to park along Sunnyside Road or Mackey Avenue in Stage 1. Sunnyside Road and Mackey Avenue will be too narrow to permit emergency vehicles to access your home if vehicles park along these two streets. **Instead, during these three days, day and overnight parking is available along:**

- The north side of Sunnyside Road in Stage 2 (between Browndale Avenue and Edina Boulevard), and
- West 44th Street.

During the week of July 7, Palda will install temporary no parking signs to remind you where parking is **not** allowed.

We understand that this is an inconvenience to you. Please contact me if you need assistance traveling from your home to your parked vehicle or if you have special needs that demand you have continuous access to your driveway. Such needs might be the delivery of heavy oxygen bottles for a medical condition. Palda will accommodate such special needs.

Please recall that the main tool for communicating with you about this project is the City Extra e-mail notification service. US Mail Updates like this one will occur only a couple of times through-out the summer, whereas City Extra updates are sent weekly containing time sensitive information such as interruptions to driveway access. If you have not already done so, please sign up for City Extra e-mail.
